Oh Hello. I'm The Loser.

REGRETFUL

So I will touch on a valid subject this time.

HOW RARE

I'm always writing such worthless afterwords.

POSITIVE

But I consciously drew Naru's hair in a way that would clearly give off a distinctly rural feel to it...

I am always changing hairstyles on my characters in order to make them very easy to draw.

BEATEN INTO SUBMISSION

But I was asked 'where would you see that these days?'

I'm not very good when it comes to thinking of clothes, but I enjoy the cosplay.

I think in this world, Seed Girl would have become an anime.

I guess that exposes what my hobbies are...

I got many requests to feature micro bikinis.

I gave it a try.

So, well...

See you in volume three.

Geez

I don't have a joke to end with...
